Recent Updates

Some Palestinian activists have launched " Don't let the camp down" campaign by tweeting through the hashtag #Dont_let_the_camp_down and #Russia_kills_Palestinians in solidarity with Khan Al-Sheih denying the military operations which target the camp. They stated in a Press release that this campaign is a result of the carelessness of UNRWA, PLO and Palestinian parties about the Syrian regime and its Russian affiliates' crimes like, bombings and forced displacement of people in the camp. The main aim of those crimes is to apply Zionist's agendas by destroying Palestinian camps in Syria and forgetting about the right of return.

They also highlighted that the camp is a civilian one without any existence to military force. The campaign aims to stop the Syrian-Russian bombardments and to provide 12000 including 3000 children with medical aids and foodstuffs.

In the same context, artillery and aerial bombardment targeted the middle of the camp, western lane and the surrounding farms. Moreover, helicopters dropped explosive barrels on the farms and neighboring towns causing serious material damages.

Regime forces closed all the outlets which join the camp with Damascus amid arousing fears from the aggravation of healthy and food crisis inside the besieged camp.

Residents of Khan Al-sheih demanded all the Palestinian official parties, international organizations, human rights organizations and UNRWA to convince Syrian forces to stop targeting the camp. It contains 12000 civilians without any military existence and considered as a rallying point to thousands of Palestinian and Syrian displaced families.

Moving to Damascus countryside, "Khaldya Saleh Sulaiman" a Palestinian elderly was lost on 28 September during her way from Jarmana to Bab Musalla in Damascus and there isn't any news about her till this moment.

AGPS documented statistics refer that the number of lost Palestinians refugees have reached (288) person since the beginning of ongoing struggle in Syria.
