Recent Updates

(726) Syrian Palestinian families escaped from a certain death to a safe place, they sought protection in Ein Al_Helwa Camp for Palestinian refugees in the southern of Lebanon. Unfortunately, their misery appears again due to security deterioration and clashes which broke out on Wednesday between Belal Bader's group and members belonging to Fateh who used machine guns and rocket - propelled grenades at the center of Vegetables market -Fokani street.

On 25th. August 2016 Ein Al_helwa Camp witnessed fierce clashes between Fateh and Sham's soldiers. The clashes were because of the assassination attempt for "Saeed Al Armoshi" Palestinian national security chief in Ein Al_helwa camp. It ended up with three victims and great number of injuries. One of the injuries was the well-known Palestinian Syrian refugee "Izz Eldeen Hayel Hamadah" from Sbeina camp.

It also caused a wide movement of immigration by its residents and the previous Palestinian Syrians to it. They flee to Saida municipality, Izz Eldeen Al Qsaam's Mosque and Alhanan Hall saving their children and own lives'.

A lot of Palestinian camps in Lebanon, where thousands of Palestinian Syrian refugees emigrate to, witness rampant insecurity and instability. And that encourages the Islamic and national Palestinian parties to establish a security force in order to put an end to the rampant insecurity from time to time, impose the security by force in those camps, reveal the veil upon each security violative and to silence some mercenaries and get rid of them to leave the camp residents' and emigrants' in relief.

Some activists accuse what they call "suspicious parties" to inflame the situation in the Palestinian camps in Lebanon from time to time according to foreign agendas. Those suspicious parties are trying to drag the people of camps to an infight and push them to outburst as if it's planned to.

In Syria, the Syrian regime checkpoint's officers in Daraa arrested the Syrian student " Rwand Abo Alsood", (20) years old from AL Mezereb town on Wednesday yesterday without any justified reason.

Reminding that "Abo Al Sood" is the third Palestinian girl whom was arrested by the Syrian security from Al Mezereb gathering. While it had previously arrested "Yasmeen Mreitah" (20) years old and the refugee " A'eda Awwad" (30) years old, one year ago.

Action Group for Palestinians of Syria documented (22) arrested Palestinians from Al Mezereb gathering in Daraa inside the Syrian regime's prisons with an anonymous fate till the moment.

It should be mentioned that Al Mezereb town, in the south of Syria, contains a gathering of nearly 8500 Palestinian refugees and a number of families which emigrate from Daraa camp.

In Gaza Strip, the returning Palestinian refugees from (Syrian, Libya and Yemen) to Gaza threatened to get down to the streets to demand their own legal rights. In addition to put an end to their consecutive suffering since they left their countries and arrived Gaza two years ago.

The returnees' families demanded the lowest level to a decent life, a place for living and fixed job. They were accusing Al Humdallah's government

of ignoring their demands and calls. Clearly, "Mohamed Al Sheikh", the spokesman for the returnees from Arab countries, confirmed to the media that those families were living in an awful economic situation and they are no longer capable of fulfilling their own needs.

"Al Sheikh" added: " in the next few days those people will organize a number of democratic, peaceful and legal sit-ins and protestations to demand their own rights". Moreover, he said: "we have been suffering from horrible situations in the sake of living a comfortable life for our families in Gaza. Unfortunately, since our return to the Strip in 2014 till today the returnees didn't get any money. However, the council of ministers had promised to pay a financial reward at the end of the year 2014, but later it was replaced with a temporary job opportunity for six months for limited number of the returnees. Then they were paid for 4 months only and the rest two months were not paid till the moment.

The spokesman for the returnees called Mahmoud Abbas, the chairman of the authority, and his prime minister to work for ending the problem of the returnees from Arab countries to Gaza, provide job opportunities and a place for living for each family in order to live a decent life.

It's worth mentioning that there are about (1000) Palestinian Syrians facing an extremely cruel way of living in Gaza Strip after they had escaped from the ongoing war in Syria; they suffer from miserable economical situations in addition of their inability to secure a place for living or work and this is because of the catastrophic situations which Gaza Strip lives. It's due to the last Zionist war on Gaza and the consecutive blockade on Gaza since several years. Repeatedly, they kept accusing UNRWA, PLO and Palestinian parties of carelessness.

In the meanwhile, Egyptian media resources reported about the drowning of a boat which carries illegal immigrants from different nationalities. For instance, Egyptians, Syrians and Palestinian Syrians yesterday night near Rasheed's Tower village in the Egyptian coasts.

The Egyptian News Agency stated that 43 bodies were recovered till now, and 150 passengers had been rescued. Similarly, Reuters quoted a senior security official in Al Bohaira county that five injured were taken to the county hospitals, which also received the victims' bodies and they were Egyptians, Sudanese and Africans.

Rashid Hospital in the village of Rasheed Tower reported that those who were rescued and given first aid remained in the same place from 7-8 hours in a hysterical state of fear and some of them lost his entire family.

And that afflicted boat took off from a beach in Kafir Al Sheikh county in the north of Egypt's Delta and probably it was sailing towards Italy. But unfortunately, it drowned near Rasheed's Tower Village in Al Bohaira county next to Kafir Al Sheikh in the north of Egypt.

Egypt has been witnessing a smuggling process of immigrants towards Europe since months.

Especially after the closure of Al Baqan Road in the face of immigrants and the Europeans – Turkish treatments to stop the smuggling of immigrants from its lands.
