

"Victims of Torture and Enforced Disappearance 2"

Introduction:

The ongoing events in Syria led to the entry of Palestinian refugees to the various records of the Syrian Revolution Diary and the acts of protest that prevailed most of the Syrian territories, while the Action Group for Palestinians of Syria had followed these events and documented the human and the living conditions and the changes that have occurred in their situations there.

The record of arrest and forced disappearance and subsequent results up to the loss of life of one of the most important kinds of topics that should be highlighted, where the first report, titled "Victims of Torture and Enforced Disappearance"

<http://actionpal.org/phocadownloadpap/PrivetRepo/victims%20of%20torture%20and%20enforced%20disappearance%20in%202013.pdf>

which archived for victims that have died due to torture, both within the prisons of the Syrian regime or with the Syrian opposition during the period between August 2012 to September 2013 and that the number of victims of torture to death was (105) victims.

As this report will form a continuation of what was started by the first report to carry the same title of "Victims of Torture and Forced Disappearances 2", to offer new information in this file, while the number of victims inside the prisons and detention centers has been doubled for up to 252 victims.

The Repercussions of the Syrian Crisis on the Palestinian Refugees in Syria:

Long-raging war caused by the internal conflict that witnessed in the country, as the number of victims of Palestinian refugees along the Syrian crisis and until the end of August 2014 is 2467 victims inside and outside the Palestinian camps, compounds and Syrian cities. The death was by various reasons such as, bombing, snipping, detention until death, the siege and other reasons, in addition to the approximately 250 missing and 735 have been kidnapped and detained which were documented by the monitoring team of the Action Group.

Victims of Torture to Death:

Detainees in prisons and detention centers of the Syrian regime experienced the most tougher torture, humiliation and abasement, which often resulted in Physical and psychological Sequelae up to death sometimes. The Action Group has documented 147 Palestinian refugee victims in Syria in the prisons of the Syrian regime from October 2013 till the end of August 2014, an increase of about 40 victims for the same period of August 2012 to September 2013.

The Circumstances of the Torture Victims Arrest Share the Following Points:

• Detention at Checkpoints or in Areas Controlled by the Syrian Regime:

The checkpoints stationed at the entrances of the camps and compounds and major cities formed an obsession with the Syrian street because they have become as places that give those who crossed it hope of life again. There are names list with the checkpoint members, wanted list on charges of participating in acts of protests taking place in Syria or perhaps on charges of carrying out relief, humanitarian or medical activities inside the besieged areas.

The names are often handwritten and the name is incomplete which makes many people at risk of arrest simply for the similarity of names or malicious reports.

Several cases have been arrested simply for their presence in areas under the control of the regime, while Radwan Shehadeh Jabasini was killed due to torture in the prisons of the Syrian regime after being arrested for more than nine months, he was arrested from inside the Al Ashmar mosque in the depths of the old Damascus, as well as the informatics engineer Waseim Abu Zeina was killed after being arrested from the campus of informatics Engineering College of Damascus.

• Detention during Attempts to get out of the Besieged Areas:

The Action Group has documented many of the victims who were arrested while trying to get out of the besieged Yarmouk refugee camp since more than a year, the two Brothers Raafat and Nawras Abdel Aal and the other brothers Ali and Hassan Abu Enen were killed inside jails after being arrested at Hjeira checkpoint in Damascus while trying to get out of the Yarmouk refugee camp in an attempt to get rid of the total blockade of the camp since July 2013.

• **Detention during Receiving Aids:**

Many cases of detention were during receiving aids in the Yarmouk refugee camp, Mohammed Sersawi 50 years from the residents of the Yarmouk refugee camp was killed inside the prisons of the Syrian regime after he was arrested in Sbeneh area near Al Kablat checkpoint while he was on his way to receive aid. Also Mahmoud Hassan Zgmot was killed on 07/10/2014 due to torture in the Syrian security prisons; he was arrested during the distribution of aid at the entrance of the Yarmouk refugee camp.

• **The Death Announcement, Several Months after the Death:**

Most of the death cases, which died in the Syrian prisons was documented with different dates, as happened with the victim Ala AL Naji, they announced his death on 7th of August 2014, while the real date of death was 31 August 2013, which leaves the door open for the extortion acts of detainee families by the powerful members.

• **Non-Receipt of Corpses**

The cases of death due to torture in detention centers, where the detainee 's body was received, are very rare, but they inform the family when they ask about their prisoner that he had died and they have to receive his identity papers and sign a statement of death, which attributed the deaths mostly to a sudden stop in the heart muscle or a hard high blood pressure in an attempt to give some kind of legitimacy to the cause of death.
